

DANIELA AMÓRTEGUI MARTÍNEZ

Digital Project Manager | UX & Digital Products | Website Delivery | Agile

+57 3104816042 daniela.amortegui@gmail.com Bogotá, Colombia. 

Project Manager with more than seven years of experience leading digital initiatives across aviation, e-commerce, fintech, and agency environments.

Experienced in delivering digital products, websites, customer experience (CX), and user experience (UX) initiatives, collaborating with multidisciplinary teams across Product, Engineering, UX, Design, Marketing, Analytics, Legal, Operations, and Business to drive projects from discovery and planning through successful implementation.

Skilled at managing multiple concurrent projects, aligning stakeholders, prioritizing requirements, documenting processes, and ensuring successful delivery through Agile methodologies. My background in UX and strategic communication enables me to bridge the gap between business objectives, technical teams, and user needs, fostering collaboration and delivering impactful digital solutions.

Recently earned the Google Project Management Professional Certificate, strengthening my expertise in project planning, Agile delivery, stakeholder management, risk management, and project leadership.

EXPERIENCE
